Sent from my iPhone. It's a start, but needs way bigger teeth. What's wrong with saying DO NOT DO THIS! Stay off the medians. I believe there are resources available in this city & state for the homeless. However, shelters will not allow active substance abusers to stay in the shelters & if the person is refusing help with their addiction then hands are tied. You can not "make" someone get clean & sober. It's sad, but it's a choice made by many. Meanwhile being a sanctuary state draws more homeless to our state. It's a fact. People driving the roads do not need to be anxious regarding a panhandler standing on a non level median strip & approaching them. It's hard enough trying to pay attention to traffic....which had taken a nose dive since COVID. WHO's going to monitor this 2 traffic light rotation & we're going to fine panhandlers \$15 per occurrence. We can do way better than this. It's not enforceable as written.
